

24 de octubre de 2024 / Número 42

14 de octubre - 20 de octubre

Sistema de Supervisión en Tokio, Japón

Enfermedades infecciosas que todos los médicos deben informar

Los médicos deben informar de la incidencia de estas enfermedades a los centros de salud. Los centros de salud informan de los casos individuales al Centro de Supervisión de Enfermedades Infecciosas Metropolitano de Tokio.

Enfermedades infecciosas que deben ser informadas por las instituciones médicas designadas

Los puntos de consulta médica designados y los hospitales informan del número de pacientes visitando sus instalaciones cada semana a los centros de salud. El centro de salud informa del número de pacientes al Centro de Supervisión de Enfermedades Infecciosas Metropolitano de Tokio. Hay aproximadamente 500 puntos de consulta médica designados y hospitales en Tokio.
